

Easter hat from a paper plate

- 1) You will need a large paper plate.
- 2) Decorate the plate with paint, felt tips, coloured pencils or crayons. Turn the plate over.
- 3) Draw a circle at the edge of the plate where it becomes flat.
- 4) Find the centre of the plate.
- 5) Mark this with a dot.
- 6) Draw lines out from the centre of the plate to the circle that you have drawn.

- 7) Cut along lines from the centre of the plate to the line you have drawn around the plate where it becomes flat (do not cut along this line.).
- 8) You will now have triangles that are attached to the plate. Turn the plate over.
- 9) Carefully fold back the triangles, and add flowers, stickers, shapes or pieces of paper to finish decorating the hat.
